

Last week, the CFPB released an update to the Filing Instructions Guide (FIG) for HMDA data collected in 2021 and reported in 2022. Updates include the reclassification of edits Q656 and Q657 from Macro Quality Edits to Quality Edits, and filers will be able to see which specific records in their filings are impacted.

You can find the 2021 FIG under Help for Filers here: <https://ffiec.cfpb.gov>
