

The NMLS Annual Renewal Period begins on November 1st and ends on December 31st. According to federal regulations, mortgage loan originator registrants and institutions must renew their registrations annually. Once submitted for renewal by the employer, individual MLOs must log in and attest to their registration renewal prior to December 31st in order for their registration status to remain active.

Recent enhancements to the NMLS have introduced a new login process for NMLS users. Users will be able to save time during renewals if they update their accounts before November 1st. The new login experience will require users to verify their social security number and date of birth and provide an account recovery email.

The Federal Registry Resource Center can be found [here](#).

CCI suggests sharing this information with your mortgage loan officers and SAFE Act Officer.
